

# **CRUISE PROGRAM 2006 / 2007**

## **DALMATIAN PEARLS**

### **M/B DARLI \*\*\*\*\***

**Standard cruise itinerary, 8 days, 7 nights**

**The MB DARLI cruise program DALMATIAN PEARLS provides a luxury vacation on the ship that also includes visiting unspoiled nature, two national parks and one Nature Park. This journey includes sightseeing tours around millenarian remnants of Roman towns and medieval history as well as visits to the numerous cultural and historical monuments and museums. Don't forget to take your passport because this cruise will take you to three different states.**

#### **Day 1: Šibenik**

Embarking and Check in at 15.00 h in Šibenik, the oldest Croatian town, where you can find the fortress of St. Mihovil and the famous cathedral of Šibenik.

The town is situated in the very heart of the Adriatic coast, on the mouth of the river Krka, hidden by the St. Ante canal.

During the ship's stay it is possible to visit the National Park "Krka waterfalls.

After the embarking, before dinner, our captain will welcome you on board with 'welcome drinks'.

The great Croatian king Petar Krešimir IV made Šibenik famous like never before.

It is the beginning of the town's history and discovery of its beauties. The people of Šibenik gave their contribution, maybe more than in any other Croatian town, to the western European Christian civilization. By building the great catholic cathedral St. Jakov, they didn't even realize that it would become an eternal and immortal emblem of the town. The day is at your disposal to engage in sightseeing of the city and the surrounding places. Recommendations: visit to the extraordinarily beautiful National Park Krka.

You can choose to join an excursion or visit the destination individually.

One of the excursions you can't miss is the City Tour around Šibenik.

The ship leaves the port at 23:00 h, sailing towards Split.

#### **Day 2: Split**

MV Darli comes to Split at 6:00 h. Split is the capital town of Dalmatia.

This eternally young city has a population of 300.000 people, who enrich it with the warm Mediterranean temperament. It lives for nearly 1700 years, with its heart in the palace of Dioklecian and its soul widely open to embrace you.

The history of this unique Dalmatian town has been written ever since the life of the town has been protected by the UNESCO, and since the town entered the registry of the World Cultural Heritage.

The whole day is at your hands to engage in sightseeing and exploring.

Visit all the important places like the Palace of Dioklecian and the old part of the town on our sightseeing tour or visit the cultural monuments individually.

You can relax in one of the many bars on the legendary shore of Split, sitting on a terrace overlooking the sea, or, if you prefer an active afternoon you can join our excursion and visit some of the historic places situated near Split, like the ruins of Salona, fortress Klis and the well known shrine Međugorje in Bosnia and Hercegovina.

The boat stays overnight in Split.

### **Day 3: Island Vis**

The MV Darli leaves Split at 7:00 h and arrives to Vis at around 11:00 h.

The island Vis will dazzle you with its narrow Dalmatian alleys, fortresses on the entrance to the port, many oaks and beautiful beaches in the bay. It is known not only for its many historic and cultural monuments, but also as an ecologically clean area, rich with fish, lobsters and wine.

After breakfast, enjoy in the morning on the sunny deck with a marvelous view on the picturesque environment of the island, or you can join the guided City tour around Vis or Komiza or explore this wonderful place on your own.

If you prefer diving or sunbathing on one of the beaches, swimming in the crystal clear sea, Komiza is an ideal oasis just for that.

Optional excursions: Island Biševo and the Blue Cave, sight-seeing of the inland of the island Vis and visit to the cave of Tito.

At 23:00 h the ship continues the journey towards the next destination, the island Korčula.

### **Day 4: Korčula**

MV Darli arrives at Korčula around 6:00 h.

It is one of the greenest islands in the Adriatic; it is also one of the most popular tourist destinations in this part of Croatia.

The Greeks have named it Korkyra Melaina or "Black Krf" because of its dark and thick forests. The island is rich with culture and art, and beautiful nature, small and hidden beaches and bays, unpopulated small islands and stunning views. The main city is Korčula. It is a typical medieval Dalmatian town, with its defensive towers, walls and many houses with red roofs.

Marco Polo (1254-1324), the famous world traveler and writer, was born in the old part of the town Korčula. The house he was born in will soon be turned into a museum of Marco Polo.

Besides Marco Polo, Korčula has a long cultural and artistic tradition, which includes museums, galleries and festivals. The famous folk drama/dance 'Moreska', once performed along the whole Mediterranean, today is performed only in Korčula. During the day you have the opportunity to see the city on our excursion or individually.

Excursions: sightseeing tour of the town Korčula, the archipelag of Korčula, rent – a – car, scooter or bicycle.

The ship leaves Korčula at 23:00 h and proceeds towards Dubrovnik.

### **Day 5: Dubrovnik**

Arrival around 6:00 h.

Dubrovnik is one of the most beautiful towns in the world, because of its unique charm, stunning nature, historic and cultural monuments.

It is famous as the city of poets, writers and scientists.

You have the whole day for sightseeing around Dubrovnik and the near by places.

You can join one of our excursions and explore many attractive locations.

Professional guides will be at your service during the excursion.

It is possible to visit Kotor in Crna Gora as well as Bokakotor bay.

In Dubrovnik, you can go shopping, visiting art and souvenir stores or relax in one of the bar or restaurants in the center.

After dinner, you can relax and enjoy a drink in the Grand Salon or you can enjoy the other activities or services provided on board (fitness, sauna...).

If you prefer to go out and party, this is a perfect opportunity for that.

Overnight stay in Dubrovnik.

### **Day 6: Island Mljet – Island Hvar anchorage**

The ship leaves Dubrovnik at 7:00 h, and continues the journey towards the island Mljet, a well-known National Park.

We arrive to Mljet around 11:00 h. After breakfast, relax on the sunny deck, enjoy a drink and the view on the fascinating landscape of the island. The day is at your disposal for sight seeing. You can also join one of the guided excursions or get to know the island individually.

It is a well spread opinion that the island is one of the most beautiful islands in the Adriatic Sea, and it is known for its old forests and rich flora and fauna.

The Lonely Planet calls it 'the most seductive Adriatic Island'.

According to the legend, Odysseus fell in love with the island and stayed on it for 7 years. On the island there is a famous national park with 2 lakes (Big and Small).

On a little island St.Marija there is a Benedictine convent, 12 centuries old, that can be reached with a taxi boat. For those who prefer pleasant strolls, there are numerous paths on the island that lead around the lakes, over the hills through the forests and along the beach.

Many beaches and a fascinating cultural heritage dating from the Illyrian and roman times, mark Mljet as an unspoiled island and summer resort of an extraordinary quality.

At 14:00 h the ships continues the journey towards the next destination – the island Hvar. It arrives to the port of Hvar around 20:00 h.

“Captain’s Diner” will be served upon anchorage in beautiful surrounding and unforgettable landscape of Island Hvar.

## **Day 7: Island Hvar – Trogir anchorage**

This island is definitively one of the most popular Adriatic islands, known also under the name of 'the sunniest Adriatic Island'.

In 1997, the Traveler Magazine listed Hvar among the 10 most beautiful islands in the world.

The island name has Greek origins, from the name 'Pharos' (bright house).

Since Hvar lies in the center of most of the sea routes, history has left here a lot of traces, maybe more than on any other Adriatic island.

This fact made Hvar rich with cultural and historic monuments.

The discoveries from the caves of Grapče and Marko made possible for the archeologists to identify the Croatian culture (from around 3500 to 2500 B.C.).

The hand painted pottery with spiral motifs is among the most decorative artifacts that come from the pre-Illyrian times. It is a part of the Aegean culture that continued its development on the island Hvar.

Hvar is the island of heather, joy and crickets, the island of lavender, wisdom and wine, the island of rosemary and hidden little bays.

It is equally attractive in winter as it is during summer, with a pleasant Mediterranean climate, rich vegetation of palm trees, aloe, pines, laurel, vineyards, olive groves, magical and calm bays, pebbly beaches and islands filled with pleasant smells. With all these qualities Hvar attracts tourists all year round. If you want to get to know the island better and find out more about its history, you can join one of the guided excursions.

Those who want to spend the day relaxing individually can visit some of the souvenir shops, art stores, have drinks or enjoy a stroll. The evening is ideal for exploring the old city center, strolling through the old, narrow alleys and entertainment in one of the popular bars in the city center.

At 16:00 h, the ship heads towards Trogir.

It arrives in Trogir around 19:00 h. It is possible to go on a City Tour around the town, to enjoy the old part of Trogir and its historical values.

At 24:00 h the ship will sail towards Šibenik.

## **Day 8:Šibenik**

The ship comes to the port of Šibenik around 6:00 h.

Breakfast and check out until 10:00 h.

The end of the cruise.
